

YOU TOLD US WHAT YOU WANTED. AND WE LISTENED.

You wanted a super concentrated Wharton's Jelly.

Platinum Biologic's Nano Flex is our most concentrated perinatal tissue allograft.

You wanted a versatile Wharton's Jelly.

Platinum Biologic's products can be applied to any defect from the foot to the face.

You wanted a reasonably priced Wharton's Jelly.

Platinum Biologic's Nano Flex is incredibly affordable. No gimmicks, no discounts, bogo's or bait and switch.

You wanted a service-focused company.

Platinum Biologic's mission is to provide superior customer service with a 24 / 7 attended line with a real person, and a live calendar any provider can access 6 days a week for peer-to-peer consultations

You wanted evidence-based protocols.

Platinum biologics is working with industry experts to develop comprehensive protocols that focus on patient safety and patient outcomes first.

ABOUT US

Service was meant to be simple, not stuffy. Most companies bury help behind a line of pre-recorded robo calls, for hire and fire interns, and commissioned inside sales teams. We don't.

If you have to work at getting service, as a customer, that's not service.

Our clients are our purpose, and service is our passion. We are a small, nimble, and seasoned team of medical sales, device, education, regulatory and manufacturing experts.

Jump on our live schedule any time 6 days a week, and give us the chance to go to work for you.

Platinum Biologics has an impeccable history of Marketing for clinics and bringing patients in the door. Hundreds of customers with over three years of 80% retention rate.
